PT Gema Graha Sarana Tbk- VIVERE Group
was established in 1984 in Indonesia.

We pursue excellence, innovation
and professionalism in all areas of our business.
We focus on the quality and level of service
that our clients have grown to expect from us.

Each company within the VIVERE Group has its
own management and employee structure, and
is dedicated to offering the highest possible
quality within its area of expertise.

We are proud to have been awarded
the ISO 9001:2000 Quality Assurance Certificate.

This assures our clients and partners, that our
quality and standards are world class.

President Director's note:

In 1984 we launched PT Gema Graha Sarana from a small site in Jalan Laturmenten, Jakarta. With fewer than 10 staff handling multiple positions including marketing, project management, procurement, installation, accounting and making coffee, we worked hard to build the business and achieve success.

After 20 years we are still known as (GGS), but with a difference. Our company is now listed on the Jakarta Stock Exchange. We have 7 subsidiaries and affiliates based at our new 12 stories head office and 4 factories covering over 49,000 sqm of manufacturing. With over 1000 staff and a vision; "To be the leader in the interior and furniture business in Indonesia," we specialize in custom furniture manufacturing, interior contracting, wood flooring manufacturing, retail lifestyle stores, furniture components, office furniture systems.

Since 1999 our commitment to quality has been firmly established with our achievement of Quality Management Standards established by the International Organization for Standardization - ISO 9001:2000, an upgrade from the ISO 9002:1994.

In September 2005 we introduced the VIVERE Group as the brand identity for our group of companies. This was celebrated with a launch event incorporating the theme "A full enthusiastic journey with VIVERE", featuring our products, management and staff from all the subsidiaries. At this event we announced our renewed commitment to deliver excellent services and performance to our customers and shareholders, by optimizing the combination of our resources and the markets in which we operate.

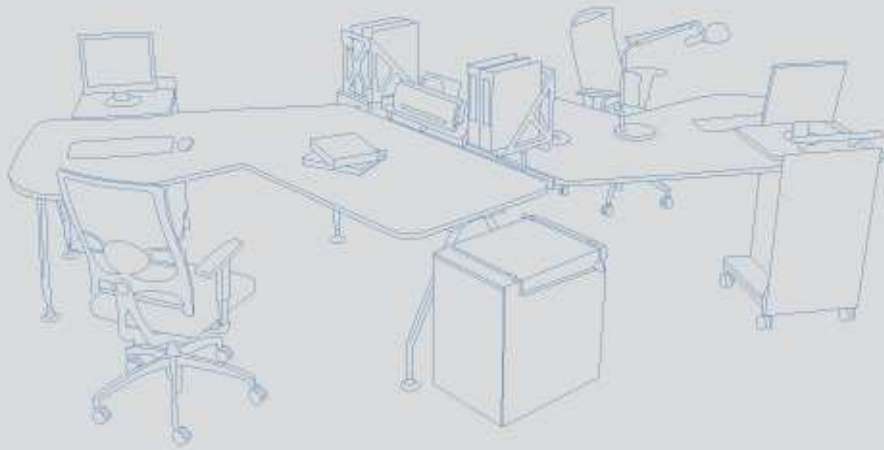

Our renewed commitment included continuing to build a successful and healthy company, to be the best within our industry, and excel especially in the context of products, services and process. We have the highest levels of integrity and reliable human resources, who are continually improving through intensive education and training programs. We strive to keep within government policies by offering greater opportunities to the local workforce and to increase our income from international markets by increasing our export share. We believe in good corporate governance and hope that Vivere Group will be seen as a prominent national asset in years to come.

Most of the founding staff that joined within our first 10 years of operation are still with us. We believe we will become a leader in the interior and furniture industry and beyond, in the businesses that we have created.

"Success is not a destination but a journey". We hope you will enjoy this enthusiastic journey with us. May God bless our goals and help us continue to achieve them.

Dedy Rochimat- Founder and President Director

WE MOVE STRATEGICALLY

Vision

To be the leader in the interior and furniture business in Indonesia

Mission

To continuously improve the atmosphere of living and working, as well as constantly building up the enthusiasm for furnishing among customers through our innovative ideas, products, services and systems.

Known today as PT Gema Graha Sarana Tbk (GGS), the company was established in 1984 to provide interior contracting services. Over two decades later, GGS is among the industry leaders with its complete range of products and services for the interior and furniture industry.

With a combined workforce of over 1000 across three subsidiaries, PT Prasetya Gema Mulia (PGM), PT Laminatex Kreasi Sarana (LKS), and PT Vivere Multi Kreasi (VMK) and an expanded network of affiliated companies, GGS created the VIVERE Group in September 2005 as the main vehicle for GGS and its subsidiaries. GGS is reborn with a commitment to endless effort, strong spirit, premium resources, and assurance of excellent results; a TOTAL SOLUTION for its customer.

Milestone

Establishment

• GGS

PT Gema Graha Sarana (GGS) started business in 1984 with fewer than 10 staff.

ISO

The company gained the ISO 9001:2000 Quality Assurance Certificate, through improving the company's professionalism and standard of handling its business.

Perseverance

Through the worst of the Asian economic crisis, GGS succeeded in maintaining the number of its employees and also managed to improve its quality and customer service.

PT Gema Graha Sarana Tbk - VIVERE Group

IPO

In 2002, GGS took the strategic step of an Initial Public Offering, transforming GGS into a public company that is more transparent, professional and provides more beneficial rights to its shareholders.

Business Expansion

GGS entered the export market with establishment of a Veneer Laminated Wood Flooring factory at Modern Cikande Industrial Estate, Banten in 2004.

Export

The first batch of exports was shipped in July 2005 to South Korea. Exports to other markets, including Europe, United States and Australia, began in 2006.

PT Gema Graha Sarana Tbk - VIVERE Group

- **PGM**

Established in 1994, PT Prasetya Gema Mulia focuses on Mechanical and Electrical Installation and services. Supported by a management team with local and overseas education, PGM has and continues to handle projects of various sizes for local and multinational companies. PGM provides excellent mechanical and electrical services with quick response.

- **LKS**

In 1997, the range of services within the group expanded with the establishment of PT Laminatex Kreasi Sarana, known as LKS, which produces laminated panel components. The LKS factory in Lippo Cikarang is fully equipped with the latest machinery and technology and also holds the exclusive distribution license for

Indonesia from Wilsonart USA. In August 2005, LKS inaugurated its first exports by introducing office furniture manufactured at the Lippo Cikarang factory.

- **VMK**

PT Vivere Multi Kreasi was established in 2003 with the introduction of retail stores under the brand name VIVERE: "an atmosphere for life". We have been continuing to expand our presence within the retail arena with shops opening at various shopping malls across Jakarta and other cities. VIVERE has also expanded its products and services; now covering "home, complements, culture, wardrobe, kitchen, classic and the workin'-collection".

Total Solution

Total Solution comprises a complete range of services for the interior fit out and furniture supply including mechanical and electrical, furniture components, manufacturing and supply of an extensive range of office furniture systems.

Renaissance

In September 2005, PT Gema Graha Sarana Tbk re-launched its core business structure under a new brand identity by establishing the VIVERE Group. The VIVERE Group today encapsulates the entire portfolio of companies under one brand.

OUR CORE BUSINESS

Businesses today demand highly effective and functional working environments to facilitate increased productivity and staff welfare. The corporate branding characteristic has also become an important element in today's office environment for multinational and locally based companies.

GGG understands these requirements, and is supported by a complete range of products and services, GGG constantly strives

to deliver each project within the creative design requirement, within deadline, and importantly on budget.

We are proud to be the first and only interior contracting company in Indonesia awarded the ISO 9001:2000 Quality Assurance Certificate. This assures clients and partners that our quality and standards are world class.

“with **Total Solution** we offer our clients a complete range of products and services,”

Interior Contracting

Our team of project managers, with the support of our manufacturing facilities, can successfully manage the entire process including liaison across all facets of the project, while maintaining contact with and updating our clients.

Our volume and size of projects demand the ultimate performance from our project management team. They understand a wide variety of technical requirements including furniture manufacturing, mechanical, electrical and data installation while ensuring our logistics are on schedule.

Our approach to business covers a complete range of products and services such as interior fit out, furniture and panel manufacturing, mechanical and electrical installation, maintenance and logistics to give you our “Total Solution”, managed by our Project Management team.

Customized Furniture

The majority of our projects require us to produce furniture according to our client's designs and specifications. Our factory can accommodate this demand as we have facilities for the competitive production of customized furniture & interior paneling when compared to imported furniture.

Veneer Laminated Wood Flooring

GGF Flooring was established in 2004 with the construction of a 22,000 sqm manufacturing facility in Cikande Industrial Estate, and launched commercial production for export in mid 2005.

Our manufacturing facility offers high quality veneer laminated wood flooring as well as an exotic range that is continually expanding.

GGF Flooring products are geared for worldwide export and meet international specifications and environmental standards. In December 2005, the GGF Flooring manufacturing facility was awarded ISO 9001:2000 Quality Assurance Certificate.

VIVERE Retail (Home, Complements, Culture)

Being one of the leaders in the interior and furniture business, VIVERE Group dedicated an additional line in our factory to support commercial production of home furniture. Our designers are constantly creating new high quality products those are unique, functional and available through our VIVERE lifestyle stores.

VIVERE Working

VIVERE Working presents a complete collection of modern office furniture. Our assortment of office furniture systems come in distinct modern designs, yet are both highly functional and practical.

VIVERE Working collection is wide ranging with a variety of configurations from advanced system furnitures, to a series of innovatively designed chairs and a range of the finest sofas and coffee table sets, which all are perfectly fitted for use in every area of the office.

Perfectly integrating functions with style, VIVERE working will enhance your modern corporate style.

VIVERE Kitchen

VIVERE kitchen offers a wide range of both contemporary and classic designs that suit all interior design applications for today's home. Our quality of workmanship and materials used, are of the highest standard.

Our designers use a unique software system that links our design and manufacturing process together, giving us optimum performance in delivery output.

VIVERE Wardrobe

VIVERE Wardrobe is designed in modules with varying sizes that suit both apartments and homes. Our designs are contemporary, utilizing the best fittings available with various configurations and finishes. Our own manufacturing facility enables us to produce high quality products with high performance delivery output.

VIVERE Classic

Presenting the Classic Chair Company-London

All classic chairs furniture is made in the old fashioned way with mortice and tenon joints, dovetailing and all the time consuming but correct methods of construction so that our commitment to make the best furniture is never compromised. To ensure complete authenticity all the fittings, brass castors and drawer pulls are made especially for each piece of furniture.

Never out of fashion the timeless style of the VIVERE Classic's fine furniture will be admired for many generations and in the fullness of time will become collectors' items. Beautifully made, stylish furniture is a joy forever.

Panel Laminate Component

PT Laminatex Kresni Sarana known as LKS produces panel components & furniture in its modern factory.

As the exclusive sole distributor for Wilsonart Laminates in Indonesia, LKS works with GGS and other interior contractors to produce custom-made components for various commercial applications.

LKS is continuing to expand its capabilities and product ranges. In 2005 the company began production of Spazio Sistema, a new office furniture range both for local and export markets.

Mechanical and Electrical

PT Prasetya Germa Mulla (PGM) is a mechanical, electrical, data and voice installation and services company. Over the past 11 years PGM has experienced rapid growth and is now considered one of the leading companies servicing M&E fit out.

SUPPORT

Our Human Resources

We acknowledge that the success of our projects is largely due to the hard work and commitment of our people. At present, GGS and its subsidiaries in VIVERE Group are supported by over 1,000 staff.

To oversee operations and expansion, we have secured a dedicated team of management professionals across various fields such as manufacturing and management. The company offers various educational training and management programs both locally and overseas to enhance personal and professional capabilities.

“To oversee operations and expansion, we have secured a dedicated team of management professionals across various fields such as manufacturing and management.”

“ To have better service in the business sector, we operate our own production facilities ”

Production

GGS established its first factory in 1993 at Lippo Cikarang Industrial Estate and began commercial production of office furniture.

Currently for the support of all production requirements, GGS has four factories:

- The Tangerang factory is dedicated to commercial production of customized furniture
- The Cikande factory is dedicated to the production of veneer- laminated wood flooring.
- The Lippo Cikarang factories are dedicated for the production of panel components, office furniture and home furniture.

SHE - (Safety, Health, Environment)

VIVERE Group pays great attention to the safety, health and environmental protection standards of all our subsidiary companies at all levels. We are committed to make SHE the first consideration in all work practice ensuring safe production. Our goals are simply stated; to be free of occupational injury, illness and negative environmental impact.

Investment Growth

VIVERE Group is committed to growth by investing in organic and non-organic elements. Organically, we will continue to invest in developing the potential of our human resources and our production capabilities. We will also continue to invest in technological advances in machinery that maximize our production output and quality performance.

Non-organically, we will continue to invest in new ideas which complement our existing businesses and beyond, through acquisitions and the creation of new business.

Such efforts, we believe will help us to fulfill our stakeholders' expectations and enable VIVERE Group to achieve significant revenue increases in the future.

Lasting Partnership

As we now move onto new and exciting projects and explore avenues to expand our capabilities, we remain committed to finding innovative solutions to achieve higher quality work and provide excellent results to our partners.
