fashion hours
at work

introducing
precise & vision collection

distinctly modern,
precise & vision offer
exceptional seating
selections for your
corporate space

contemporary look

The stylish Precise and Vision add that sleek modern flair to your office. The slim figures perfectly complement your working environment and progressive image.

ergonomic & comfort

Precise and Vision are engineered with quality components and manufactured at our internationally certified production facilities. The ergonomic system in each piece of the collection presents the work personnel with all-day seating comfort.

versatile application

Precise and Vision comprise a complete range of sizes from the staff to the managerial level. The versatile collection will fit any room and create a cohesive sophisticated image throughout your office.

precise

Precise is equipped with quality pads and upholstery fabric, evoking a toned build that's clean and trendy.
